

**WEST TRAVIS COUNTY PUBLIC UTILITY AGENCY
NOTICE OF MEETING**

TO: THE BOARD OF DIRECTORS OF THE WEST TRAVIS COUNTY PUBLIC UTILITY AGENCY AND TO ALL OTHER INTERESTED PERSONS:

Notice is hereby given that the Board of Directors of the West Travis County Public Utility Agency (“WTCPUA”) will hold its regular meeting at 10:00 a.m. on Thursday, March 16, 2017, at City of Bee Cave City Hall, 4000 Galleria Parkway, Bee Cave, Texas. The following matters will be considered and may be acted upon at the meeting.

The Consent Agenda allows the Board of Directors to approve all routine, non-controversial items with a single motion, without the need for discussion by the full Board. Any item may be removed from the Consent Agenda and considered individually upon request of a Board member.

Public comments will be accepted only during designated portions of the Board meeting. Citizens wishing to address the Board should complete the citizens’ communication form provided at the entrance to the meeting room so they may be recognized to speak. Speakers will be limited to three minutes to facilitate the opportunity to comment by all those so interested and to support the orderly flow of the meeting.

- I. CALL TO ORDER**
- II. ESTABLISH QUORUM**
- III. PUBLIC COMMENT**
- IV. CONSENT AGENDA (R. Pugh)**
 - A. Approve minutes of February 16, 2017 Board Meeting.**
 - B. Approve bookkeepers report, payment of outstanding invoices and other related bookkeeping matters.**
 - C. Approve 70% Developer Reimbursement Payment to CCNG in the amount of \$653,263.77 for Spanish Oaks, Section XI, including:**
 - 1. Approve Reimbursement Audit; and**
 - 2. Authorize WTCPUA representative to close on conveyance of utility infrastructure and reimbursement payment, including, a Bill of Sale and other related matters.**
 - D. Approve Contractor Pay Requests including:**
 - 1. Pay Application No. 7 for Spillman Pond Liner Project;**
 - 2. Pay Application No. 11 for SH71 1280 Elevated Storage Tank Project;**

3. Pay Application No. 4 for Shops Parkway Utility Relocation Project;
 4. Pay Application No. 5 & Final for Shops Parkway Utility Relocation Project.
- E. Approve Award of Contract for Bohls-CCNG 12" Gravity Effluent Line Project to Austin Engineering Company, Inc.
- F. Approve Change Order No. 1 for SH 71 1280 Elevated Storage Tank Project.
- G. Approve Change Order Nos. 4, 5, 6 for the Spillman Pond Liner Project.
- H. Approve Service Extension Requests (SERs) for:
1. Juniper Trace Office Project (Water and Wastewater-4 LUEs)
- I. Approve First Amendment to Non-Standard Service Agreement for Retail Water Service for Lakes Edge.
- J. Approve Annual Reimbursement to Nash Sweetwater, LLC for Lazy Nine MUD 1A.

V. STAFF REPORTS

- A. General Manager's Report (R. Pugh).
- B. Controller's Report (J. Smith)
- C. Engineer's Report (C. Wilson)
1. Capital Improvements Plan Update.
 2. Operations Report.
- D. Legislative Update, including (T. Embrey/S. Albright):
1. Special Utility District (SUD) bill and map overlay of PUA service/CIP area.
 2. Groundwater Conservation District bill.

VI. OLD BUSINESS

- A. Discuss, consider and take action regarding pending and/or anticipated litigation, including:
1. Cause No. D-1-GN-16-000538; *Travis County Municipal Utility District No. 12 vs. Public Utility Commission of Texas* in the 250th District Court of Travis County, Texas (D. Klein).
 2. *Travis County Municipal Utility District No. 12 v. West Travis County Public Utility Agency*; in the 201st Judicial District Court, Travis County, Texas; Cause No. D-1-GN-16-002274 (D. Klein).

3. **CCNG Development Co., L.P. v West Travis County Public Utility Agency and Lower Colorado River Authority; in the 345th Judicial District Court, Travis County, Texas; Cause No. D-1-GN-14-000163 (D. Klein).**

(These items under VI.A may be taken into Executive Session under the consultation with attorney exception)

B. Discuss, consider and take action on maintenance, repair and expansion of raw water pump station (D. Lozano/C. Wilson/R. Pugh).

C. Discuss, consider and take action on order appointing one new member to the Impact Fee Advisory Committee (R. Pugh/D. Klein).

D. Discuss, consider and take action on pre-treatment surcharges for McDonalds, Inc. (K. Parkan).

E. Discuss, consider and take action on six-month performance review of General Manager (R. Pugh).

(This item may be taken into Executive Session under the personnel exception and consultation with attorney exception).

VII. NEW BUSINESS

A. Discuss, consider and take action on Service Extension Requests for:

1. **Travis County MUD No. 22 (Hatchett Tract) (1137 LUEs) (C. Wilson/D. Lozano);**
2. **LTISD Middle School No. 3 (20 LUEs wastewater) (C. Wilson).**

B. Discuss, consider and take action on proposed date and time for March, 2017 Special Board Meeting to approve WTCPUA Annual Financial Audit by Maxwell, Locke and Ritter, LLP (J. Smith).

VIII. ADJOURNMENT

Dated: March 10, 2017

Robert Pugh
WTCPUA General Manager

The Board of Directors may go into Executive Session, if necessary, pursuant to the applicable section of Subchapter D, Chapter 551, Texas Government Code, of the Texas Open Meetings Act, on any of the above matters under the following sections: Texas Government Code Ann. 551.071 – Consultation with Attorney; Texas Government Code Ann. 551.072 – Real and Personal

Property; Texas Government Code Ann. 551.074 – Personnel Matters. No final action, decision, or vote will be taken on any subject or matter in Executive Session.

The West Travis County Public Utility Agency is committed to compliance with the Americans with Disabilities Act. Reasonable modifications and equal access to communications will be provided upon request. Please call Robert Pugh, General Manager at (512) 263-0100 for information.

IV. CONSENT AGENDA

ITEM A

**MINUTES OF MEETING OF
THE BOARD OF DIRECTORS OF THE
WEST TRAVIS COUNTY PUBLIC UTILITY AGENCY**

February 16, 2017

Present:

Scott Roberts, President
Ray Whisenant, Secretary
Fred Goff, Vice President
Bill Goodwin, Assistant Secretary
Don Walden, Assistant Secretary

Staff and Consultants:

Robert Pugh, General Manager
Curtis Wilson, District Engineer
Jennifer Riechers, Agency Program Manager
Keith Parkan, Senior Engineer
Jennifer Smith, Agency Controller
Stefanie Albright (Lloyd Gosselink Rochelle & Townsend, P.C.), Agency General Counsel
David Klein (Lloyd Gosselink Rochelle & Townsend, P.C.), Agency General Counsel
Dennis Lozano (Murfee Engineering Company, Inc.), Agency Engineer
Autumn Phillips (Municipal Accounts & Consulting), Agency Bookkeeper

I. CALL TO ORDER

Director Roberts called the meeting to order at 9:00 a.m.

II. ESTABLISH QUORUM

A quorum was established. Also present were the above-referenced staff and consultants.

III. PUBLIC COMMENT

Scott Ela is a customer and would like to purchase property that he believes is surplus on Sawyer Ranch Road. He previously worked with LCRA who had agreed that the property was surplus, but negotiations were stopped due to the sale of the system. The Board stated that they would consider this as a future agenda item.

David Tuckfield stated that he was available to answer any questions regarding the City of Dripping Springs/Driftwood PFCS letter.

IV. CONSENT AGENDA

- A. Approve minutes of January 19, 2017 Board Meeting and January 24, 2017 Special Board Meeting.
- B. Approve bookkeepers report, payment of outstanding invoices and other related bookkeeping matters.
- C. Approve 30% Developer Reimbursement Payment to CCNG Development Co., L.P., under Utility Facilities Acquisition Agreement in the amount of \$358,229.67 for water, wastewater, and/or drainage improvements within:
 1. Spanish Oaks Section III.
 2. Spanish Oaks Section IX.
- D. Approve Contractor Pay Requests including:
 1. Pay Application No. 3 for Shops Parkway Utility Relocation Project.
 2. Pay Application No. 10 for SH71 1280 Elevated Storage Tank Project.
 3. Pay Request No. 6 for the Spillman Pond Liner Project.
 4. Approve Change Order #3 for Spillman Pond Liner Project.
 5. Approve Pay Applications for Phases 1, 2 and 3 for Stan Nelke, SCADA Upgrade project.
- E. Approve Agreement with USIC, LLC for Utility Locating Services.
- F. Approve Service Extension Requests (SERs) for:
 1. High on Austin (14 Water LUEs).
 2. Junction Athletic Center (42 Water LUEs).
- G. Approve PFCS Letter for City of Dripping Springs, Eastern ETJ Master Meter Project.
- H. Approve Task Order No. 15 from the Wallace Group, Inc. for Design Services for Tank & Pump Station Coating Improvements.
- I. Approve Project No. 11051.108 from Murfee Engineering for Design Services for Raw Water Intake Upgrade and Rehabilitation Design, Approval, and Construction Administration.

Director Walden asked whether the item regarding the CCNG contributions had been audited. Mr. Pugh stated that these numbers had not been audited because typically the 70% reimbursements are audited. The Board pulled Items C and F.

MOTION: A motion was made by Director Whisenant and seconded by Director Roberts to approve the consent agenda items as presented, with the exceptions of C and F, attached as Exhibits A, B, D, E, and G-I.

The vote was taken with the following result:

Voting Aye: Directors Roberts, Whisenant, Goodwin, Goff, and Walden
Voting Nay: None
Absent: None

Director Walden addressed Item C, and stated that he thought that even the 30% information should be audited unless there is a pressing need to bypass. Ms. Smith confirmed that the LCRA audited previous amounts. Mr. Walden stated that he wanted to have the information audited, but not wait a full month. Director Whisenant stated that he believed there should be some level of diligence in addition to what the LCRA had done.

MOTION: A motion was made by Director Whisenant and seconded by Director Roberts to approve Item C regarding the 30% developer reimbursement to CCNG Development Co., L.P. subject to an audit.

The vote was taken with the following result:

Voting Aye: Directors Roberts, Whisenant, Goff, and Walden
Voting Nay: Director Goodwin
Absent: None

The Board next considered Item F.

Director Goodwin addressed the High on Water PFCS letter, and asked about the transmission issues in the project area. Mr. Pugh confirmed that there are irrigation prohibitions to address these potential transmission problems.

MOTION: A motion was made by Director Goodwin and seconded by Director Whisenant to approve the service extension requests in Item F, attached as **Exhibit F**.

The vote was taken with the following result:

Voting Aye: Directors Roberts, Whisenant, Goodwin, Goff, and Walden
Voting Nay: None
Absent: None

V. STAFF REPORTS

A. General Manager's Report including: 1. Update on CIP/Capital Planning Process.

Mr. Pugh presented on this item, provided as **Exhibit J**. He gave a general update regarding the needs for projects, and stated there are projects that may be needed that are not included in the CIP

at this time. He stated that staff is also looking at major maintenance and repair items that will be needed in the future to ensure that these are budgeted for. Mr. Pugh also stated that there is approximately \$14 million in liabilities for developer reimbursements and staff has been meeting with these developers to determine the amounts and timing of the reimbursements for budgeting and planning purposes.

Mr. Pugh introduced Ruben Ramirez as the new engineering technician for the PUA.

B. Controller's Report

Ms. Smith presented on this item, provided as **Exhibit K.**

Director Walden asked if a payment would be due from USWUG as a true-up, and Ms. Smith confirmed that there is approximately a \$412,000 payment anticipated.

C. Engineer's Report

- 1. Capital Improvements Plan Update.**
- 2. Operations Report.**

Mr. Lozano presented the Capital Improvements Plan Update, provided as **Exhibit L.**

Director Walden asked about the raw water transmission line planning efforts. Mr. Lozano stated that consultants are in discussion with LCRA regarding mitigation credits that can be used for USFWS. Mr. Lozano stated that there are up to 60 acres of potential mitigation needed.

Mr. Parkan provided the operations report, included as **Exhibit M.**

D. Legislative Update

Ms. Albright presented this item giving an update on general bills of interest to the PUA, including HB 1523 and HB 922, both carried by Representative Workman. Ms. Albright stated that HB 1523 would create a special utility district in West Travis County whose boundaries could coincide with the service area of the PUA. Discussion ensued regarding the potential impacts of the legislation to the current customers and service area of the PUA. Ms. Albright also detailed HB 922, a groundwater conservation district to be created in Southwest Travis County that is proposed to be funded by a water utility connection fee imposed on utilities that do not use surface water as a sole source. Ms. Albright stated that because it is early in the Legislative Session, the PUA has the opportunity to discuss potential impacts of the legislation with Representative Workman, and to suggest modifications to the legislation to mitigate such impacts.

Director Goodwin stated that ramifications need to be considered regarding this proposed legislation and that Travis County recently approved 3300 home subdivision west of the PUA's service area. Mr. Pugh stated that this is a bill he is interested in tracking.

George Murfee stated that this bill is a direct outgrowth of the PUA of serving the west area of Travis County. He stated that it could affect the PUA by being another source of water to the region.

Director Roberts asked that this be on the March agenda item with a map to show how the district may affect service.

The Board directed the General Manager to engage Lloyd Gosselink to track and analyze HB 1523 and HB 922 during the 85th Legislative Session.

Ms. Albright also stated that West Travis County Municipal Utility District No. 3 (“MUD 3”) is planning to file legislation to adjust their enabling act to ensure that MUD 3 has powers and authority consistent with WTCMUD No. 5 relating to the provision of water, as well as to change MUD 3’s election date. She stated that this change is to assist in facilitating future consolidation by the two districts, and ensure that no necessary powers of MUD 5 are lost by consolidation.

VI. OLD BUSINESS

A. Discuss, consider and take action regarding pending and/or anticipated litigation, including:

- 1. Cause No. D-1-GN-16-000538; *Travis County Municipal Utility District No. 12 vs. Public Utility Commission of Texas in the 250th District Court of Travis County, Texas***

This item was discussed in Executive Session.

- 2. *Travis County Municipal Utility District No. 12 v. West Travis County Public Utility Agency; in the 201st Judicial District Court, Travis County, Texas; Cause No. D-1-GN-16-002274***

This item was discussed in Executive Session. Following executive session, the Board stated in open session that the PUA continues to be interested in settlement, but there needs to be a technical, legal, and financial review conducted of any settlement scenarios.

- 3. Cause No. D-I-GN-15-002149; *West Travis County Public Utility Agency v. Severn Trent Environmental Services, Inc., in the 98th District Court of Travis County, Texas and Cause No. D-I-GN-15-002169; Severn Trent Environmental Services, Inc. v. West Travis County Public Utility Agency, in the 98th District Court of Travis County, Texas***

This item was discussed in Executive Session. After the executive session concluded, the following motion was made in open session:

MOTION: A motion was made by Director Whisenant and seconded by Director Roberts to authorize the General Manager to execute the

settlement agreement with Severn Trent as contemplated in settlement mediation.

The vote was taken with the following result:

Voting Aye: Directors Roberts, Whisenant, Goodwin, Goff, and Walden

Voting Nay: None

Absent: None

4. *CCNG Development Co., L.P. v West Travis County Public Utility Agency and Lower Colorado River Authority; in the 345th Judicial District Court, Travis County, Texas; Cause No. D-1-GN-14-000163*

This item was discussed in Executive Session.

B. Discuss, consider and take action on maintenance, repair and expansion of raw water pump station.

Mr. Lozano presented on this item and provided a memo, included as **Exhibit N**. He stated that the previous plan was to pull out Pump No. 1, which is now out of service. He stated that two stages of the 4-stage pump had fallen off the bottom, which explained why the pump wasn't properly functioning. Mr. Lozano is recommending removal and inspection of additional pumps. He stated that a replacement pump has already been selected and a purchase order executed, with June 30 as the latest delivery date anticipated. Director Roberts confirmed that because certain maintenance and design details weren't addressed correctly by the previous operator, the PUA now has to spend funds to address the situation.

Mr. Lozano confirmed that all the pumps share a wet well.

Mr. Pugh stated that the motor for Pump No. 3 can be repaired, and the motor on Pump No. 1 was put on Pump No. 3 which appears to be fully operational at this time. He also stated that Pump No. 2 has shaft wear and this pump is only used when needed.

C. Discuss, consider and take action on order appointing one new member to the Impact Fee Advisory Committee.

Mr. Klein addressed the Board on this item, stating that there was still a vacant spot on the Committee. There were no nominations at this time and the Board directed staff not to bring this item back on the agenda until the Board notified them that a recommendation was ready.

D. Discuss, consider and take action on pre-treatment pilot study for Rosie's Tamale House.

Mr. Parkan stated that an agreement had been reached on this issue.

VII. NEW BUSINESS

A. Discuss, consider and take action on pre-treatment surcharges for McDonalds, Inc.

Mr. Parkan presented this item and asked if the item could be postponed until March due to a scheduling conflict with McDonalds.

MOTION: A motion was made by Director Roberts and seconded by Director Whisenant to postpone this item until March.

The vote was taken with the following result:

Voting Aye: Directors Roberts, Whisenant, Goodwin, Goff, and Walden

Voting Nay: None

Absent: None

B. Discuss, consider and take action on preparation and format of Board meeting packets.

Discussion ensued regarding getting paper packets the Friday before Board meetings. The Board stated that they would like to leave the procedures as-is at this time.

C. Discuss, consider and take action on proposal to bring rate and financial planning services in-house, including cost of service studies, rate studies and Impact Fee studies.

This item was discussed in Executive Session.

D. Discuss, consider and take action on policy for Impact Fee Funds usage.

This item was discussed in Executive Session.

E. Discuss, consider and take action on proposal from CCNG, Inc., for additional effluent irrigation area and infrastructure.

Mr. Parkan presented on this item, provided as Exhibit O, The proposal is to offset the infrastructure costs of the improvements against PUA fees, in an amount up to \$75,000. Director Walden stated that he sees the benefit to this proposal to dispose of additional effluent.

MOTION: A motion was made by Director Roberts and seconded by Director Whisenant to authorize staff to coordinate with legal counsel to prepare documents in this endeavor, but to negotiate up to \$75,000.

The vote was taken with the following result:

Voting Aye: Directors Roberts, Whisenant, Goodwin, Goff, and Walden

Voting Nay: None
Absent: None

Director Goodwin stated that this is an inexpensive measure for the PUA to dispose of additional effluent.

F. Discuss, consider and take action on revision to Budget Policy and Order Adopting the Annual Budget Policy.

Ms. Smith presented on this item, provided as **Exhibit P**. She stated that the Policy clarifies and streamlines the current budgeting policy to make it more user friendly.

MOTION: A motion was made by Director Goodwin and seconded by Director Goff to approve the revision to the Budget Policy and Order Adopting the Annual Budget Policy, as provided in **Exhibit Q**.

The vote was taken with the following result:

Voting Aye: Directors Roberts, Whisenant, Goodwin, Goff, and Walden
Voting Nay: None
Absent: None

G. Discuss, consider and take action on establishment of Purchasing Policy.

Ms. Smith presented the Purchasing Policy, provided as **Exhibit R**. She stated that this policy was created in consultation with Chapter 49 of the Texas Water Code as guidance. Director Goff asked how the procedures are different, to which Mr. Pugh stated that there was no procurement procedures currently in place. Ms. Smith clarified that procurement was typically handled by USWUG, so there are new issues that have arisen now that the purchasing is done in-house. Mr. Pugh stated that the policy follows Chapter 49, and that staff added purchasing limits for the General Manager and staff.

MOTION: A motion was made by Director Goodwin and seconded by Director Roberts to approve the Purchasing Policy, as presented in **Exhibit R**.

The vote was taken with the following result:

Voting Aye: Directors Roberts, Whisenant, Goodwin, Goff, and Walden
Voting Nay: None
Absent: None

H. Discuss, consider and take action on Impact Fee Advisory Committee discussions and recommendations including:

- 1. Update on actual LUE build out vs. projected demographic study LUE build-out, next scheduled Impact Fee Study, and possible advancement of study.**
- 2. Recommendation to review and revise WTCPUA LUE Table.**

Mr. Lozano presented on this item, provided as **Exhibit S**. Mr. Pugh stated that staff and consultants have been meeting with the Impact Fee Advisory Committee. Discussions have entailed differences between the planning documents and the demographic study. Mr. Pugh stated a review of the LUE table would take approximately 2 weeks of staff time, as well as assistance from Murfee Engineering, at an anticipated cost of \$50,000.

Director Whisenant asked how beneficial the LUE table review would be and whether it is necessary. Ms. Smith stated that there is a lack of historical data. Director Goodwin stated that feedback from engineering staff and consultants have stated that the table is accurate. Mr. Lozano confirmed that this is correct, and with any average there will be exceptions.

Mr. Lozano also stated that the determinations with the PUA aren't uncommon usage numbers as compared to other utilities.

Mr. Lozano went through the presentation, and the comparison of impact fee payments received to planned demographics. He stated that housing units were projected in the demographic study, and he anticipates that the LUE number will be lowered due to conservation measures. He stated that he didn't see a reason at this point to adjust land use assumptions.

Mr. Lozano referred to the presentation, and stated that customer accounts had been translated to geographic connections and usage. He stated that his recommendation would be to do a study before 2019 to update the information.

Director Roberts asked about the LUE calculations for a restaurant. Mr. Lozano stated that the information provided is for planning purposes, but there are other mitigation measures that a restaurant can take that can lower the attributed LUEs.

The Board determined that no action would be taken at this time.

- I. Discuss, consider and take action on six-month performance review of General Manager.**

This item was discussed in Executive Session.

- J. Discuss, consider and take action on proposed date and time in May, 2017 for Special Board Work Session on Capital/CIP planning, policy, and financial and rate planning.**

The Board determined that they would meet on Thursday, May 4 at 10:00 am at Bee Cave City Hall.

K. Discuss, consider and take action on WTCPUA customer payment options, charges, and fees

Jennifer Riechers presented on this item, provided as **Exhibit T**. Director Goff stated that automatic payments by bank draft don't work for varying amounts. However, credit card payments done automatically have a surcharge. Ms. Riechers stated that the credit card companies charge a fee to the PUA for the transactions. Ms. Riechers confirmed that bill pay online does not have a charge, but would have to be adjusted by the customer each month.

Director Walden stated that for the different utilities that he pays by credit card there are no fees. Director Whisenant stated that this is a common topic for governmental entities, and if the customer doesn't pay the fee it becomes an obligation of the organization.

Director Goodwin stated that the reasoning behind the policy was that the customers who don't choose to use credit cards should not be subsidizing those who do.

Director Roberts asked how much was collected to cover credit card fees, to which Ms. Smith confirmed that she would have to consult with billing data.

Mr. Pugh confirmed that this fee is a pass-through. Director Roberts asked that the next time rates are adjusted, this fee be included in rate calculations.

Director Goff stated that online bill pay with no fee should include paying each time or automatic payment. Ms. Riechers stated that ACH bank draft allows AVR to withdraw from the customer account the amount of the bill for a \$1 fee per each payment. Bill pay is done through the customer's bank, and is customer-initiated so there is no fee.

Director Roberts announced that the Board would go into executive session at 11:57 a.m. pursuant to Texas Government Code § 551.071 – Consultation with Attorney to address the following matters:

VI. A and VII. C and D.

And under Texas Government Code § 551.074 – Personnel Matters to address the following item:
VII. I

Director Roberts announced that the Board would go back into open session at 2:29 p.m. and that no action was taken in executive session.

VIII. ADJOURNMENT

Director Roberts asked that future meetings start at 10:00 a.m.

MOTION: A motion was made by Director Goff to adjourn. The motion was seconded by Director Whisenant.

The vote was taken with the following result:

Voting Aye: Directors Roberts, Whisenant, Goodwin, Goff and Walden

Voting Nay: None

Absent: None

The meeting adjourned at 2:32 p.m.

PASSED AND APPROVED this 16th day of March, 2017.

Scott Roberts, President
Board of Directors

**Re: WTCPUA SH71 1280 Elevated Storage Tank CIP Project
Contractor's Application for Payment No. 11**

President Roberts:

Enclosed is Application for Payment No. 11 from Phoenix Fabricators & Erectors, Inc. for the period ending February 25th, 2017. We have reviewed this application for payment, conducted site inspections, reviewed testing reports, concur with the items and quantities, and recommend approval and payment in the amount of one hundred thirty-two thousand, three hundred thirty-one dollars and twenty cents (\$132,331.20). This application for payment is broken down as follows:

Original Contract Price:	\$2,700,346.00
Total Completed and Stored to Date:	\$2,429,991.55
Retainage (5%):	\$121,499.58
Previous Payment	\$121,121.20
Amount Due this Application:	\$132,331.20
Balance to Finish, Plus Retainage:	\$391,854.03

If you have any questions, please do not hesitate to contact me.

Sincerely,

Dennis Lozano, P.E.
Project Manager

CONTRACTOR'S AFFIDAVIT OF BILLS PAID

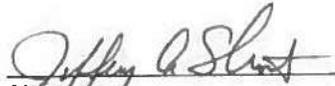

I hereby certify that the work performed and the material supplied to date, as shown on Pay Estimate No. 11 represent the actual value of accomplishment under the terms of the Contract (and all authorized changes thereto) between the undersigned and West Travis County Public Utility Agency relating to the: SH71 1280 Elevated Storage Tank Project.

I also certify that payments, less applicable retention, have been made through the period covered by previous payments received from the West Travis County Public Utility Agency to (1) all my subcontractors, and (2) for all materials and labor used in or in connection with the performance of the Contract. I further certify that I have complied with Federal, State and Local tax laws, Workers Compensation laws, Social Security laws and Unemployment compensation laws insofar as applicable to the performance of this Contract.

AFFIDAVIT AND WAIVER OF LIEN BY CONTRACTOR

STATE OF TEXAS
COUNTY OF: TRAVIS

Personally appeared before me, the undersigned authority in and for said State and County, **Asha Garcia, Project Manager** of **Central Road and Utility, Ltd.** of which firm is hereinafter called "Contractor", who being duly sworn states on oath that he has personal knowledge of the following:

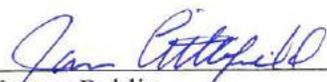

1. Contractor has paid in full all debts., obligations, and liabilities (including, without limitation, all debts., obligations, and liabilities for labor, materials, equipment for services, and for all local, state or federal taxes) which have been incurred by Contractor, or which are claimed by others to have been incurred by Contractor, or which have arisen in conjunction with work done, or labor, materials, equipment or services furnished by Contractor under contract with **Shops Parkway Utility Relocation.**
2. This Affidavit and Waiver is made and given upon and in exchange for partial payment of all sums due Contractor by **West Travis County Public Utility** under the terms of said contract. In consideration therefore, Contractor waives and releases any and all claims and any and all liens or rights to liens which Contractor has or may have against **West Travis County Public Utility** amounts due minus retainage withheld and owing in the amount of \$0.00 (zero dollars and zero cents) billed to Contractor by virtue of Contractor furnishing the labor, materials, equipment or services referred to above.

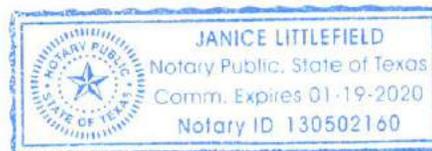

The above statements are made by **Asha Garcia** of Central Road and Utility, Ltd. individually and on behalf of the Contractor.

 A.G.

Asha Garcia, Project Manager

**Re: WTCPUA Shops Parkway Utility Relocation MEC No. 11051.90
Contractor's Application for Payment No. 5**

Board of Directors:

Enclosed is Application for Payment No. 5 from Central Road and Utility, Ltd. for retainage monies. This is the final payment on this contract. The project was placed into operation on October 12th, 2016, therefore we recommend acceptance of the project facilities for operation and maintenance along with periodically monitoring the site area for the one-year warranty period.

We have reviewed this application for payment, conducted site observations, concur with the items and quantities, and recommend approval and payment in the amount of twenty-seven thousand, nine hundred seventy-five dollars and thirty-three cents (\$27,975.33). This application for payment is broken down as follows:

Original Contract Price:	\$261,982.70
Change Orders to Date:	\$17,770.60
Total Contract Price Including Change Orders:	\$279,753.30
Total Completed and Stored to Date:	\$279,753.30
Retainage (0%):	\$0.00
Amount Due this Application:	\$27,975.33
Balance to Finish, Plus Retainage:	\$0.00

If you have any questions, please do not hesitate to contact me.

Sincerely,

Jason Baze, P.E.
Project Manager

Power of Attorney

KNOW ALL PERSONS BY THESE PRESENTS: That **PHILADELPHIA INDEMNITY INSURANCE COMPANY** (the Company), a corporation organized and existing under the laws of the Commonwealth of Pennsylvania, does hereby constitute and appoint **Tom Mulanax, Michael Whorton, David Whorton, Jan Youngbloom, Rachel Kennedy and/or Noe Moreno of Whorton Insurance Services**, its true and lawful Attorney-in-fact with full authority to execute on its behalf bonds, undertakings, recognizances and other contracts of indemnity and writings obligatory in the nature thereof, issued in the course of its business and to bind the Company thereby, in an amount not to exceed \$25,000,000.

This Power of Attorney is granted and is signed and sealed by facsimile under and by the authority of the following Resolution adopted by the Board of Directors of **PHILADELPHIA INDEMNITY INSURANCE COMPANY** at a meeting duly called the 1st day of July, 2011.

RESOLVED: That the Board of Directors hereby authorizes the President or any Vice President of the Company to: (1) Appoint Attorney(s) in Fact and authorize the Attorney(s) in Fact to execute on behalf of the Company bonds and undertakings, contracts of indemnity and other writings obligatory in the nature thereof and to attach the seal of the Company thereto; and (2) to remove, at any time, any such Attorney-in-Fact and revoke the authority given. And, be it

FURTHER RESOLVED: That the signatures of such officers and the seal of the Company may be affixed to any such Power of Attorney or certificate relating thereto by facsimile, and any such Power of Attorney so executed and certified by facsimile signatures and facsimile seal shall be valid and binding upon the Company in the future with the respect to any bond or undertaking to which it is attached.

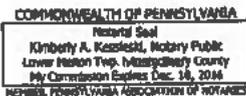

IN TESTIMONY WHEREOF, PHILADELPHIA INDEMNITY INSURANCE COMPANY HAS CAUSED THIS INSTRUMENT TO BE SIGNED AND ITS CORPORATE SEAL TO BE AFFIXED BY ITS AUTHORIZED OFFICE THIS 10TH DAY OF JUNE 2013.

(Seal)

Robert D. O'Leary Jr., President & CEO
Philadelphia Indemnity Insurance Company

On this 10th day of June 2013, before me came the individual who executed the preceding instrument, to me personally known, and being by me duly sworn said that he is the therein described and authorized officer of the **PHILADELPHIA INDEMNITY INSURANCE COMPANY**; that the seal affixed to said instrument is the Corporate seal of said Company; that the said Corporate Seal and his signature were duly affixed.

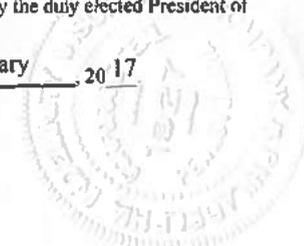

(Notary Seal)

Notary Public:

ADVERTISEMENT TO BIDDERS

Sealed Bids addressed to the West Travis County Public Utility Agency (Owner), Bee Cave, Texas, 78738 for the construction of the **WEST TRAVIS COUNTY PUBLIC UTILITY AGENCY BOHLS-CCNG 12" GRAVITY EFFLUENT LINE** will be received at the offices of Murfee Engineering Company Inc., 1101 Capital of Texas Highway South, Building D, Austin, Texas 78746 until 2:00 PM on February 21st, 2017, then publicly opened and read aloud. The work generally consists of approximately 700 feet of 12" line, valves, and appurtenances.

Bid documents for this project may be obtained at the offices of the Engineer, Murfee Engineering Company Inc., 1101 Capital of Texas Highway South, Building D, Austin, Texas 78746. A non-refundable fee of \$50.00 will be charged for each set of bid documents.

Bid documents may be viewed at the office of the West Travis County Public Utility Agency by contacting Keith Parkan, P.E. at 512-263-0100 or at kparkan@wtcpua.org or at the offices of Murfee Engineering by contacting Eelhard Meneses, P.E. at 512-327-9204 or at emeneses@murfee.com

Bids must be accompanied by a bid bond with Power of Attorney attached or cashiers check of five percent (5%) of the total amount bid (sum of all bid items) made payable to the West Travis County Public Utility Agency.

ADVERTISEMENT TO BIDDERS

A Bid which, in the opinion of Owner's staff, deviates significantly from the Contract Documents, and which has not been clarified through a written Addendum prior to Bid submittal deadline, shall be considered an exception to the Contract Documents and grounds for the Bid to be rejected. Owner reserves the right to reject any or all Bids and to waive any informalities and irregularities in Bids received.

Bidders must read and understand all terms and conditions contained in these Contract Documents.

Contract Time is of the essence and all Work shall be substantially completed within 91 calendar days after the Notice to Proceed. Liquidated damages are \$500 per calendar day.

**Subject: WTCPUA SH71 1280 Elevated Storage Tank CIP Project
Change Order #1 Evaluation and Recommendation
MEC File: 11051.78C**

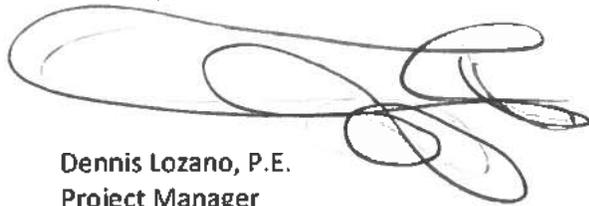

President Roberts:

Attached is a copy of the Contractor's (Phoenix Fabricators and Erectors) Change Proposal Request #1, for an additional item not included in the original Contract. This item includes the addition of an access gate on the southeast corner of the property. Also included in this Change Order, are credits for change in piping material made early in the project and several inspections that are Contractor's responsibility. Attached to this Change Order is a summary table and explanation of each item. The total net for Change Order #1 is a credit to the WTCPUA and no extension in contract time is given.

We have reviewed the proposal submitted by the Contractor and find it to be fair and reasonable. We recommend that a Change Order #1 be executed accordingly for an amount of (\$2,030.50).

If you have any questions, please do not hesitate to contact me

Sincerely,

A handwritten signature in black ink, appearing to read 'Dennis Lozano', is written over a light blue circular stamp. The signature is fluid and cursive.

Change Order #1 Summary

Date	Ammount	Detail
2/27/2017	\$1,596.00	Addition of a gate on the southeast corner of the property.
8/8/2016	(\$500.00)	DEI inspection trip. DEI was not notified by Phoenix painting crew that they would not be onsite. Phoenix was in charge of setting up inspections and letting inspectors know of changes in schedule.
3/16/2016	(\$384.00)	Construct-Ability 4hr charge due to damaged drive way by
3/14/2016	(\$153.50)	Arias' trip and technician charge for a concrete pour that was cancelled after 3 trucks showed up with unacceptable air content.
3/2/2017	(\$40.50)	Arias' extra hour on site due to Phoenix delay on concrete pour.
1/25/2016	(\$2,475.00)	Change on mixin system piping material from SS to CS.
1/4/2016	(\$73.50)	Arias' sieve analysis performed as part of Phoenix's outside fill submittal.
Total.-	(\$2,030.50)	

2/27/17

Mr. Eehard Meneses, PE

RE: Adding a 12' gate.

Mr. Meneses,

In response to your request to add a 12' gate, Phoenix Fabricators & Erectors, Inc. is pleased to offer the following pricing to accommodate these changes.

Keystone = \$1520.00

PFE = 5% = \$76.00

Total = \$1596.00

I have attached Keystone's proposal for justification. Additionally, this change will also require 5 additional days added to the contract time to account for this scope modification. Please notify us at your convenience so we can proceed with this requested change.

Thank you.

A handwritten signature in blue ink, appearing to read "Matthew Harris", is written over a horizontal line.

Request for Change #1

Matt

We have been asked to provide pricing for adding a 12 foot wide chain link gate to the proposed gate around the tank site.

We propose to install the new 12 foot wide gate including the gate posts, hardware and welded gates for the sum of \$1,520.00.

Please pass this information on to Murfee Engineering.

Thank you

Donnie Montz

Subject: RE: WTCPUA SH71 1280 EST - Extra time by Construct-Ability for Res. Driveway Repairs

Bryce,

Good afternoon. Just wanted to get back to you and let you know that it took approximately 4 hours to repair the concrete driveway, replace the CMP underneath the gravel driveway, and compact the base material to the home owner's liking. If there is anything else I can help with please let me know.

Thanks,

Subject: WTCPUA SH71 1280 EST - Extra time by Construct-Ability for Res. Driveway Repairs

Hey Alek,

Before too much time passes, I wanted to get an idea of how many additional inspection hours were spent at the job-site due to repairs on the resident's driveway near the site. I just want to make sure it is documented in the project file.

Thanks,

Bryce Canady

Subject: Spillman Pond Trench Drain

Austin,

The PUA has had problems with seepage into/out of the north embankment on Spillman pond for quite some time. I'd like to get a price from you to install an 8" perforated pipe drain with the cloth wrap on it and tie it into the existing pipe that goes out to the MH where we are installing the new pump. I've attached a markup of where to install the new pipe. The existing is an 8" perf pipe with cloth wrapping.

Let's discuss tomorrow. Thanks.

Re: **Preliminary Finding of Capacity to Serve**
Juniper Trace Project Project
Lot 1, Bee Cave Plaza, Section 1, a subdivision in Travis County, Texas (**Property**)
(**Inside WTCPUA CCN #13207**)

DKSmerline, LLC:

The West Travis County Public Utility Agency (WTCPUA), as the retail water and wastewater utility service provider for the referenced application, has completed its review of the Service Extension Request for the Property. This project consists of a proposed office having 12,342 square feet of area. This request is for a total service allocation of up to **four (4)** Water and Wastewater LUEs and subject to the following terms and conditions:

SER CONDITIONS

1. The Applicant executes a Non-Standard Water and Wastewater Service Agreement memorializing the terms and conditions for service, as generally set forth in this letter, with the WTCPUA within three (3) months of the date of this Preliminary Finding of Capacity to Serve letter.
2. As a component of the Non-Standard Water and Wastewater Service Agreement, WTCPUA shall reserve the water and wastewater LUEs allocated to the Property. Applicant shall commence paying to the WTCPUA annual Water and Wastewater Reservation Fees according to the WTCPUA Tariff, initially in the amount of \$339.94 per Reserved Water LUE and \$546.48 per Reserved Wastewater LUE, as may be amended by the WTCPUA from time to time. The allocated LUEs for the Property may be reserved for a period of four (4) years, subject to the payment of annual Reservation Fees;
3. The Applicant completes the WTCPUA's technical plans review process associated with its proposed development. Additional professional review fees will be required during the review process;
4. The Applicant constructs, at Applicant's sole cost and expense, all water and wastewater service extensions of facilities necessary to facilitate retail service to the Property;

5. The WTCPUA inspects and accepts extension of service facilities for ownership and operation and the Applicant conveys such facilities to the WTCPUA by Bill of Sale;
6. The Applicant, at its sole cost and expense, obtains and grants to the WTCPUA all easements necessary for the WTCPUA to own and operate the facilities in a form and manner acceptable to the WTCPUA;
7. The Applicant pays all existing and future fees and charges associated with the extension of service to the WTCPUA, including but not limited to construction plan review, construction inspection, legal expenses, and all associated Tariff fees;
8. The Applicant follows and complies with all applicable WTCPUA rules and regulations, as may be amended from time to time by the WTCPUA Board of Directors, pertaining to water and wastewater service; and,
9. Provisions of water and wastewater service to the Property by the WTCPUA shall become null and void if applications for water and wastewater service with the WTCPUA for the Property is not complete within four years after the date of this Preliminary Finding of Capacity to Serve letter.

Please be advised that conditions may change over time and the WTCPUA will not reserve or commit water and wastewater capacity to the Property until all conditions listed above are met. If, for any reason, that system capacity is exceeded prior to connection to the system, then this property is subject to a moratorium of any additional connections which may be declared. Also, please be advised that the WTCPUA will not provide direct fire flow service to the Property, and, as such, the Applicant may be required to install and maintain fire service facilities needed to meet fire code regulations and requirements.

If you have any questions concerning this matter, please do not hesitate to contact me.

Sincerely,

Robert Pugh, P.E.

ITEM I

**FIRST AMENDMENT TO
AGREEMENT FOR THE PROVISION OF NONSTANDARD
RETAIL WATER SERVICE
(Lakes Edge)**

This First Amendment to Agreement for the Provision of Nonstandard Retail Water Service (the “First Amendment”) is entered into by and between the West Travis County Public Utility Agency (the “WTCPUA”) a public utility agency operating pursuant to Chapter 572, Texas Local Government Code, and Regal, LLC, a Texas limited liability company (the “Developer”).

WHEREAS, Developer and the WTCPUA entered into the Agreement for the Provision of Nonstandard Retail Water Service on April 6, 2016 (the “Agreement”), pursuant to which the WTCPUA agreed to provide 135 LUEs of retail water service to the 67.45-acre Development Tract for the Proposed Development;

WHEREAS, Developer has requested that the WTCPUA adjust the Developer’s reserved capacity for the Development Tract from 135 LUEs to 124 LUEs of retail water service to serve the Proposed Development;

WHEREAS, Developer and the WTCPUA desire to enter into this First Amendment to set forth additional terms and conditions upon which the WTCPUA will provide retail water service to the Proposed Development; and

NOW, THEREFORE, in consideration of the terms, conditions, and covenants contained in this Amendment, and for other good and valuable consideration, the receipt and sufficiency of which are acknowledged, the Parties agree to amend the Agreement as follows:

1. Amendment to Agreement.

Section 2.1 is amended as follows:

For and in consideration of Developer’s obligations, covenants and conditions set forth in this Agreement, WTCPUA reserves and agrees to provide up to 124 ~~135~~ LUEs of retail water service (which includes 2 LUEs for landscape irrigation) for Retail Customers located within the Development Tract pursuant to the terms of this Agreement and the WTCPUA’s Rules and Policies. In no event shall WTCPUA be obligated to provide retail water service to Retail Customers located within the Proposed Development or Development Tract that collectively exceed 124~~135~~ LUEs.

Section 4.2 is amended as follows:

Developer shall pay water Impact Fees as provided in Chapter 395 of the Texas Local Government Code prior to the commencement of service and setting of the retail meter to the Proposed Development. Developer shall pay water Impact Fees for a total of 124~~135~~ LUEs.

Section 4.3 is amended as follows:

Reservation Fees for the initial year of the Reservation Period shall be paid not later than twelve (12) months from the date of approval of this Agreement by the WTCPUA Board of Directors if a water meter or meters having up to ~~124135~~ LUEs of water service has not been installed in accordance to WTCPUA Tariff provisions. Any LUEs in reserved status, but which are connected and for which impact fees are paid during the twelve (12) month grace period, will be deducted from the number of LUEs for which the initial years' Reservation Fees are due.

Furthermore, the Developer agrees and understands that the WTCPUA's commitment of ~~124135~~ LUEs of water service runs with and is assigned to the Proposed Development.

Section 5.1 is amended as follows:

This Agreement shall become effective upon the latest date of execution by either the Developer or the WTCPUA (the "Effective Date"). WTCPUA may terminate this agreement upon written notice to Developer for any of the ~~124135~~ LUEs for which a Retail Customer has not requested service or for which impact fees have not been paid in accordance with the WTCPUA Rules and Policies by the fourth anniversary of the Effective Date. The Parties may extend the termination deadlines in this Section upon written amendment of this Agreement. Unless otherwise earlier terminated, this Agreement shall extend from the Effective Date for as long as the WTCPUA provides service to Retail Customers located in the Proposed Development.

Section 6.2 is deleted in its entirety and replaced with the following:

Developer may assign this Agreement only with the express written consent of the WTCPUA. WTCPUA hereby consents and agrees to the assignment by the Developer of this Agreement, in whole or in part, including the reservation of capacity and right to service for the Proposed Development, in connection with the conveyance of all or part of the Proposed Development to Ashton Woods Homes and/or Trendmaker Homes. Such assignment is not effective until Developer and assignee execute an assignment and assumption instrument in the form attached hereto as **Exhibit F**, and provide a fully executed copy to the WTCPUA within 10 business days of such assignment. WTCPUA may assign this agreement, including to a successor organization created for the purpose of assuming all of the WTCPUA's assets and liabilities, including a water conservation and reclamation district created pursuant to Article XVI, Section 59 of the Texas Constitution.

2. Defined Terms.

All capitalized terms that are not otherwise defined herein shall have the meanings set forth in the Agreement.

3. Effect on Agreement.

First Amendment – Nonstandard Service Agreement (Lakes Edge)

March 16, 2017

DRAFT

The terms of the Agreement are hereby modified and amended pursuant to the terms of this First Amendment. Except as otherwise expressly amended by this First Amendment, all other terms and conditions of the Agreement remain in full force and effect, and are hereby confirmed and ratified.

IN WITNESS WHEREOF, the Parties hereto have executed this First Amendment which is effective as of the date of the last signature to this First Amendment.

RE: Lazy Nine MUD – LCRA/PUA 24" Water Line Annual Reimbursement Request

Dear Robert,

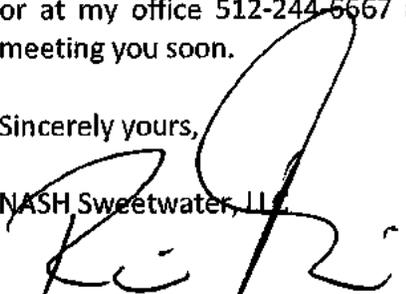

We are writing to request the annual reimbursement for new water connections in Lazy Nine MUD through year end 2016. Attached is a letter from Mike Morin with Crossroads Utility Services showing the total number of permanent meters connected in Lazy Nine MUDs 1A and 1B. We have also prepared and attached our spreadsheet to track the annual increase in water LUEs within Lazy Nine, and the reimbursement amount due under the Utility Construction Agreement.

The total amount due for year end 2016 is \$238,286.32. Please make payment to NASH Sweetwater, LLC as assignee from Lazy Nine MUD 1A. Lazy Nine MUD 1A previously assigned the reimbursement right under this Utility Construction Agreement to WS-COS Investments, who subsequently assigned those rights to NASH Sweetwater, LLC with the Sweetwater residential sale in late March 2015.

Please let me know if you have any questions, or need any additional information from me in order to complete this annual reimbursement. I can be reached on my mobile at 512-923-7720 or at my office 512-244-6667 and via email at rficken@newlandco.com. I look forward to meeting you soon.

Sincerely yours,

NASH Sweetwater, LLC

RE: Service Connections

Dear Rainer,

The attached sheet detail the number of service connections that Lazy 9 1A and 1B had at December 31st, 2016.

Lazy 9 1B
Rate Code 25 – 63 Meters
Rate Code 26 – 17 Meters
Rate Code 23 – 340 Meters
Rate Code 21 – 96 Meters

Total Meters – 516 Meters

Lazy 9 1A
Rate Code 56 – 1 Meter

Total Meters – 1 Meter

Please let me know if you need any other information regarding this mater

Sincerely,

A handwritten signature in black ink, appearing to read "Mike Morin", written over a horizontal line.

Mike Morin
Crossroads Utility Services

V. STAFF REPORTS

ITEM A

General Manager's Report
March 18, 2017.

1. Reuben Ramirez, Engineering Technician, started February 13, 2017.
2. Trinidad Cantu, Operations Manager, to start February 20, 2017.
3. Staff continued to work on resolving punch list items from AVR customer billing system transition.
4. Completed meetings with seven of nine Developers with whom we have reimbursement agreements to obtain total liability of reimbursements and estimated schedule of payments.
5. Meeting with Murfee Engineering on February 23, 2017. Discussed MUD 12, SUD/Groundwater District Legislation, permitting for second raw water line, emergency interconnect with Austin, and Masonwood Properties Hatchett Tract Phase 2 SER.
6. Meeting with Murfee Engineering and Masonwood Properties on February 23, 2017 to discuss Masonwood Properties Hatchett Tract Phase 2 SER.
7. Worked with staff to provide emergency generator power, distribution system adjustments, Austin Energy repair, and public notification for Southwest Parkway Pump Station power outage.
8. Began working with David Klein on formal Emergency Interconnect Agreement with City of Austin.
9. Authorized replacement of Air Conditioner in Trident Filter room at WTP.
10. Authorized solicitation of quotes for roof repairs at WTP.
11. Received quote to repair roof at Leffingwell Pump Station. Obtaining other quote(s).
12. Detailed water plant walk through with Curtis Jeffrey, Lead Operator and Keith Parkan on February 2, 2017.
13. Detailed Lake Pointe WW Plant and Southwest Parkway Pump station walk throughs with Curtis Jeffrey, Lead Operator, and Trey Cantu, Operations Manager, on February 23, 2017.
14. Raw water pump station detailed walk through on February 24, 2017.

15. On February 27, 2017, signed Supplement to Engagement Letter with Ty Embrey of LG to track Paul Workman introduced bills for Special Utility District and the Groundwater Conservation District (HB 922).
16. On February 28, 2017 issued public notice of turbidity violation from 2013 to address TCEQ NOV for failure to submit proof of Public Notice.
17. Meeting with Murfee Engineering, N. Heddin and staff on March 7, 2017. Correlating all capital project costs, schedules and funding sources, and prioritizing projects. Planning to present/summarize at Special Board Meeting work session on May 4, 2017.
18. Signed work authorization for design services for Wallace Group to prepare plans and specifications for tank and pump station rehabilitation (From 2015 Wallace Report).
19. On March 7, 2017 signed Settlement Agreement for Severn Trent litigation.
20. Meeting with CCNG on March 9, 2017 to review effluent operations/projects.
21. Bee Cave Pump station detailed walk through on March 10, 2017.
22. Staff completed investigation of Patterson Road pressure and flow issues and determined valve was closed. Valve was opened and other repairs completed.
23. Completed job descriptions for Lead Operator, Pump/Electrical Supervisor, and Line Maintenance Supervisor.
24. Initiated manager and supervisor salary survey with HR consultant through cost sharing arrangement with members of Highland Lakes Firm Water Customer Cooperative (HLFWCC).
25. Approved \$16k change order with Austin Engineering to install French drain system in Spillman Pond to remove ground water infiltration.

Operations Report

March 16, 2017

Executive Summary

During the month of February 2017 all facilities performed well with no compliance issues. Staff continues to perform corrective and preventative maintenance on all facility equipment and machinery.

A Public Notice was sent on March 2nd for a turbidity violation. The TCEQ required the WTCPUA to issue a public notice for failing to notify the public on a turbidity violation that occurred back in 2013. The notice generated a few dozen phone calls from residents. All water quality concerns were addressed and a detailed explanation was provided to each caller.

A power failure occurred on February 20th disabling power at the Southwest Parkway GST. Water levels reached low levels but power was restored before any major issued occurred. We revisited our procedures from a risk management level and identified some areas we will improve on.

A comprehensive study for a Safety and Accident Policy will be recommended for consideration within the next 90 days.

Critical Issues

The item deemed critical is the Raw Water Pump Station. RWP No. 1 is out on repair and is expected to be completed within the next few months. Four out of the five pumps are in operation and working normally. A new style of mechanical seal is being considered as a temporary solution to the shaft wear problem on pumps No. 4 and 5. If successful, this seal will postpone the shaft repair until next year.

Noteworthy Events

A Basic Water Works Operation course will be held in Bee Cave March 14th through 16th at the WTCPUA Water Plant. The Basic Water Works Operations course focuses on the relationship between safe water drinking act and the important role of water plant operators to maintain safe and adequate drinking water. Nine (9) WTCPUA staff members will attend this class.

Environmental Compliance

All TCEQ compliance parameters were well within limits during February 2017. Please see the below process control summaries for the Water Treatment Plant and both Wastewater Treatment Plants.

Process Overview of Month:

Water Treatment Plant in compliance for month of February 2017

AVG Raw Water	5.11 MGD
AVG Treated Water	4.99 MGD
AVG Turbidity	0.15 NTU
AVG Chlorine	3.00 mg/l

Lake Point WWTP in compliance for month of February 2017

AVG Flow	0.406 MGD	Permit Limit 0.675 MGD
AVG BOD	1.88 mg/l	Permit Limit 5.00 mg/l
AVG FEC.COLI	1.00 mg/l	Permit Limit 20.00 mg/l
AVG TURBIDITY	1.04 mg/l	Permit Limit 3.00 mg/l

Bohls WWTP in compliance for month of February 2017

AVG Flow	0.192 MGD	Permit Limit 0.325
AVG BOD	2.00 mg/l	Permit Limit 5.00 mg/l
AVG FEC.COLI	3.50 mg/l	Permit Limit 20.00 mg/l
AVG TURBIDITY	1.16 mg/l	Permit Limit 3.00 mg/l

Other Performance Measures

A new work order system will be introduced called HACH Job Cal. Job Cal is a computerized maintenance management software (CMMS) that helps with the maintenance, tracking, and scheduling of machinery and equipment. It provides a color coded interactive calendar for managing all maintenance activities.

There were multiple preventive and corrective items completed for the month of February 2017. A quantified report will be provided in the future.

Public Relations

Several residents in the Homestead area are concerned about their water quality. Blue-green staining on their sinks and fixtures were a common concern. Thus, three water samples will be collected from the area. A side by side comparison will be made to show those results compared to State and Federal Drinking Water Standards. Results of those tests will be provided in a follow up report.

We are scheduled to meet with a resident in the Ladera Subdivision to discuss corrective action on a sanitary sewer issue. The service line was televised and found to have an unapproved tie in, resulting in an infiltration and inflow of storm water and debris into the system.

Safety Performance

There were zero injuries to any WTCPUA employees, contractors, or visitors during the month of February 2017. A full comprehensive safety program will be recommended for approval within the next 90 days.

Safety topics this month were forklift operations and safe chemical handling.

Security

Installation of a security camera system for the water treatment plant is in progress. Phase 1 of the system is installed. 16 of 24 cameras are in operation and currently monitor various areas within the water plant. This will increase the security of this facility and complies with EPA Homeland Security requirements.

Personnel

Staffing levels are at 24 of 29. These are total customer service and operations employees combined. There is one position currently advertised to backfill Mr. Clayton Chapel. The position is expected to be filled by early next month.

New Wastewater Treatment Operator Brandum Pierson was brought onboard March 6th. He will be assigned to the wastewater plant but also be cross trained in other areas of the system.

Miscellaneous

- Sludge Pond No. 2 at the WTP was drained and sludge was removed. The pond had 6 months of accumulated sludge. Sludge removal from Pond No. 1 will begin this month.
- Two air conditioner units were replaced at the WTP. One at Unit 2 the other was at the transfer pump room.
- The elevation of Bohls pond is rising due to wet conditions and little demand for effluent water. A close attention on water levels will be a priority to prevent the overflow of Bohls pond.
- Damaged fire hydrant was replaced near the intersection of Bee Cave Pkwy and Market St.

West Travis County Public Utility Agency Billing Summary Report

**This report contains estimates of monthly billing data based upon information at the time of report preparation. This report is not based upon audited information. RE: Raw Water Intake Status Update – March 2017

CC: Rob Pugh – WTCPUA
Curtis Wilson – WTCPUA
George Murfee, P.E.

MEC File No.: 11051.10

The following status update on the Raw Water Intake (RWI) assessment, repair, rehabilitation, and expansion is provided per Board directive and is current as of the date of this memorandum. As requested, a tabular summary by pump is provided preceding the narrative.

Pump Station	Pump No.	Capacity (MGD)	Status	Action Items	Schedule
RWI No. 1	1	6 9	Offline	Disassembly & inspection Expansion	<u>complete</u> Q4 2017
	2	6	Online	Replacement	17 weeks
	3	6	Online	Replacement with refurbished	4-8 weeks
RWI No. 2	4	5.5	Online	Repair shaft	Q4 2017
	5	5.5	Online	Repair shaft	Q4 2017
TOTAL		22			

Currently two pumps are able to run and produce raw water in RWI No. 1 – Pump Nos. 2 & 3. Together with Pump Nos. 4 & 5 in RWI No. 2, the total current pumping capacity is the rated firm capacity of 22

MGD. During startup for the reassembled Pump No. 3 a control valve malfunction was discovered. WTCPUA staff has been able to recommission Pump No. 3 in automatic mode.

Smith Pump has completed disassembly and inspection of Pump No. 1 and is finalizing their assessment report. The preliminary recommendation communicated by phone will be “rebowling” of the pump, which involves reusing only the column pipe and discharge head and will require all new cast parts. Cost and schedule will be included in the report.

Following this course of recommended actions, at the end of the like-in-kind replacement RWI No. 1 will have one refurbished and one new pump operating and the total system capacity will remain at 22 MGD. Depending on several factors, the WTCPUA may elect to proceed with maintenance of Pump Nos. 4 & 5 at that time (one at a time), or to wait until demand falls in the cooler months.

Design work on the expansion project is underway and meetings with valve and pump manufacturers are being conducted to clarify technical compatibility. Under the current schedule, that project will be conducted during Q4 2017 and Q1 2018 such that the upgraded capacity is available for service prior to spring and summer demands of 2018.

Interoffice Memorandum**

TO: Robert Pugh, General Manager
West Travis County Public Utility Agency Board of Directors

FROM: Curtis D. Wilson, P.E., District Engineer

SUBJECT: Update of Service Extension Request – Travis County MUD 22 (Hatchett Tract) 1137 LUEs

DATE: March 16, 2017

Staff is nearing completion of the review of an SER dated August 1, 2016 which was deemed complete for submission on October 4, 2016. This SER is a request for a capacity allocation for water for 1137 LUEs and was filed in the name of Travis County MUD 22, a District created by order of the TCEQ dated November 10, 2015 comprising a total of 910.923 acres of land.

Previously, the WTCPUA considered a SER in the amount of 1800 LUEs by application dated May 21, 2013, ultimately refined to 1,837 LUEs during the review process. A PFCS for 1837 LUEs was authorized by letter dated January 22, 2014 with conditions. The Applicant and WTCPUA were unable to reach final terms in a Non-Standard Agreement for the 1837 LUEs and the scope of the project was reduced in size, scope and water demand for a variety of reasons. The West Travis County Public Utility Agency and Masonwood HP, Ltd. (Hatchett) Development entered into a Non-Standard Water Agreement dated March 19, 2015 to serve 478 acres of land with a service allocation not-to-exceed 700 LUEs. However, the Developer continued to pursue creation of TC MUD 22 requiring a demand for 1837 LUEs of water service.

The Service Extension Request under current review represents a second request for 1,137 LUEs of water service allocation being the balance of the 1837 LUEs which was not authorized in the current active 2015 NSSA.

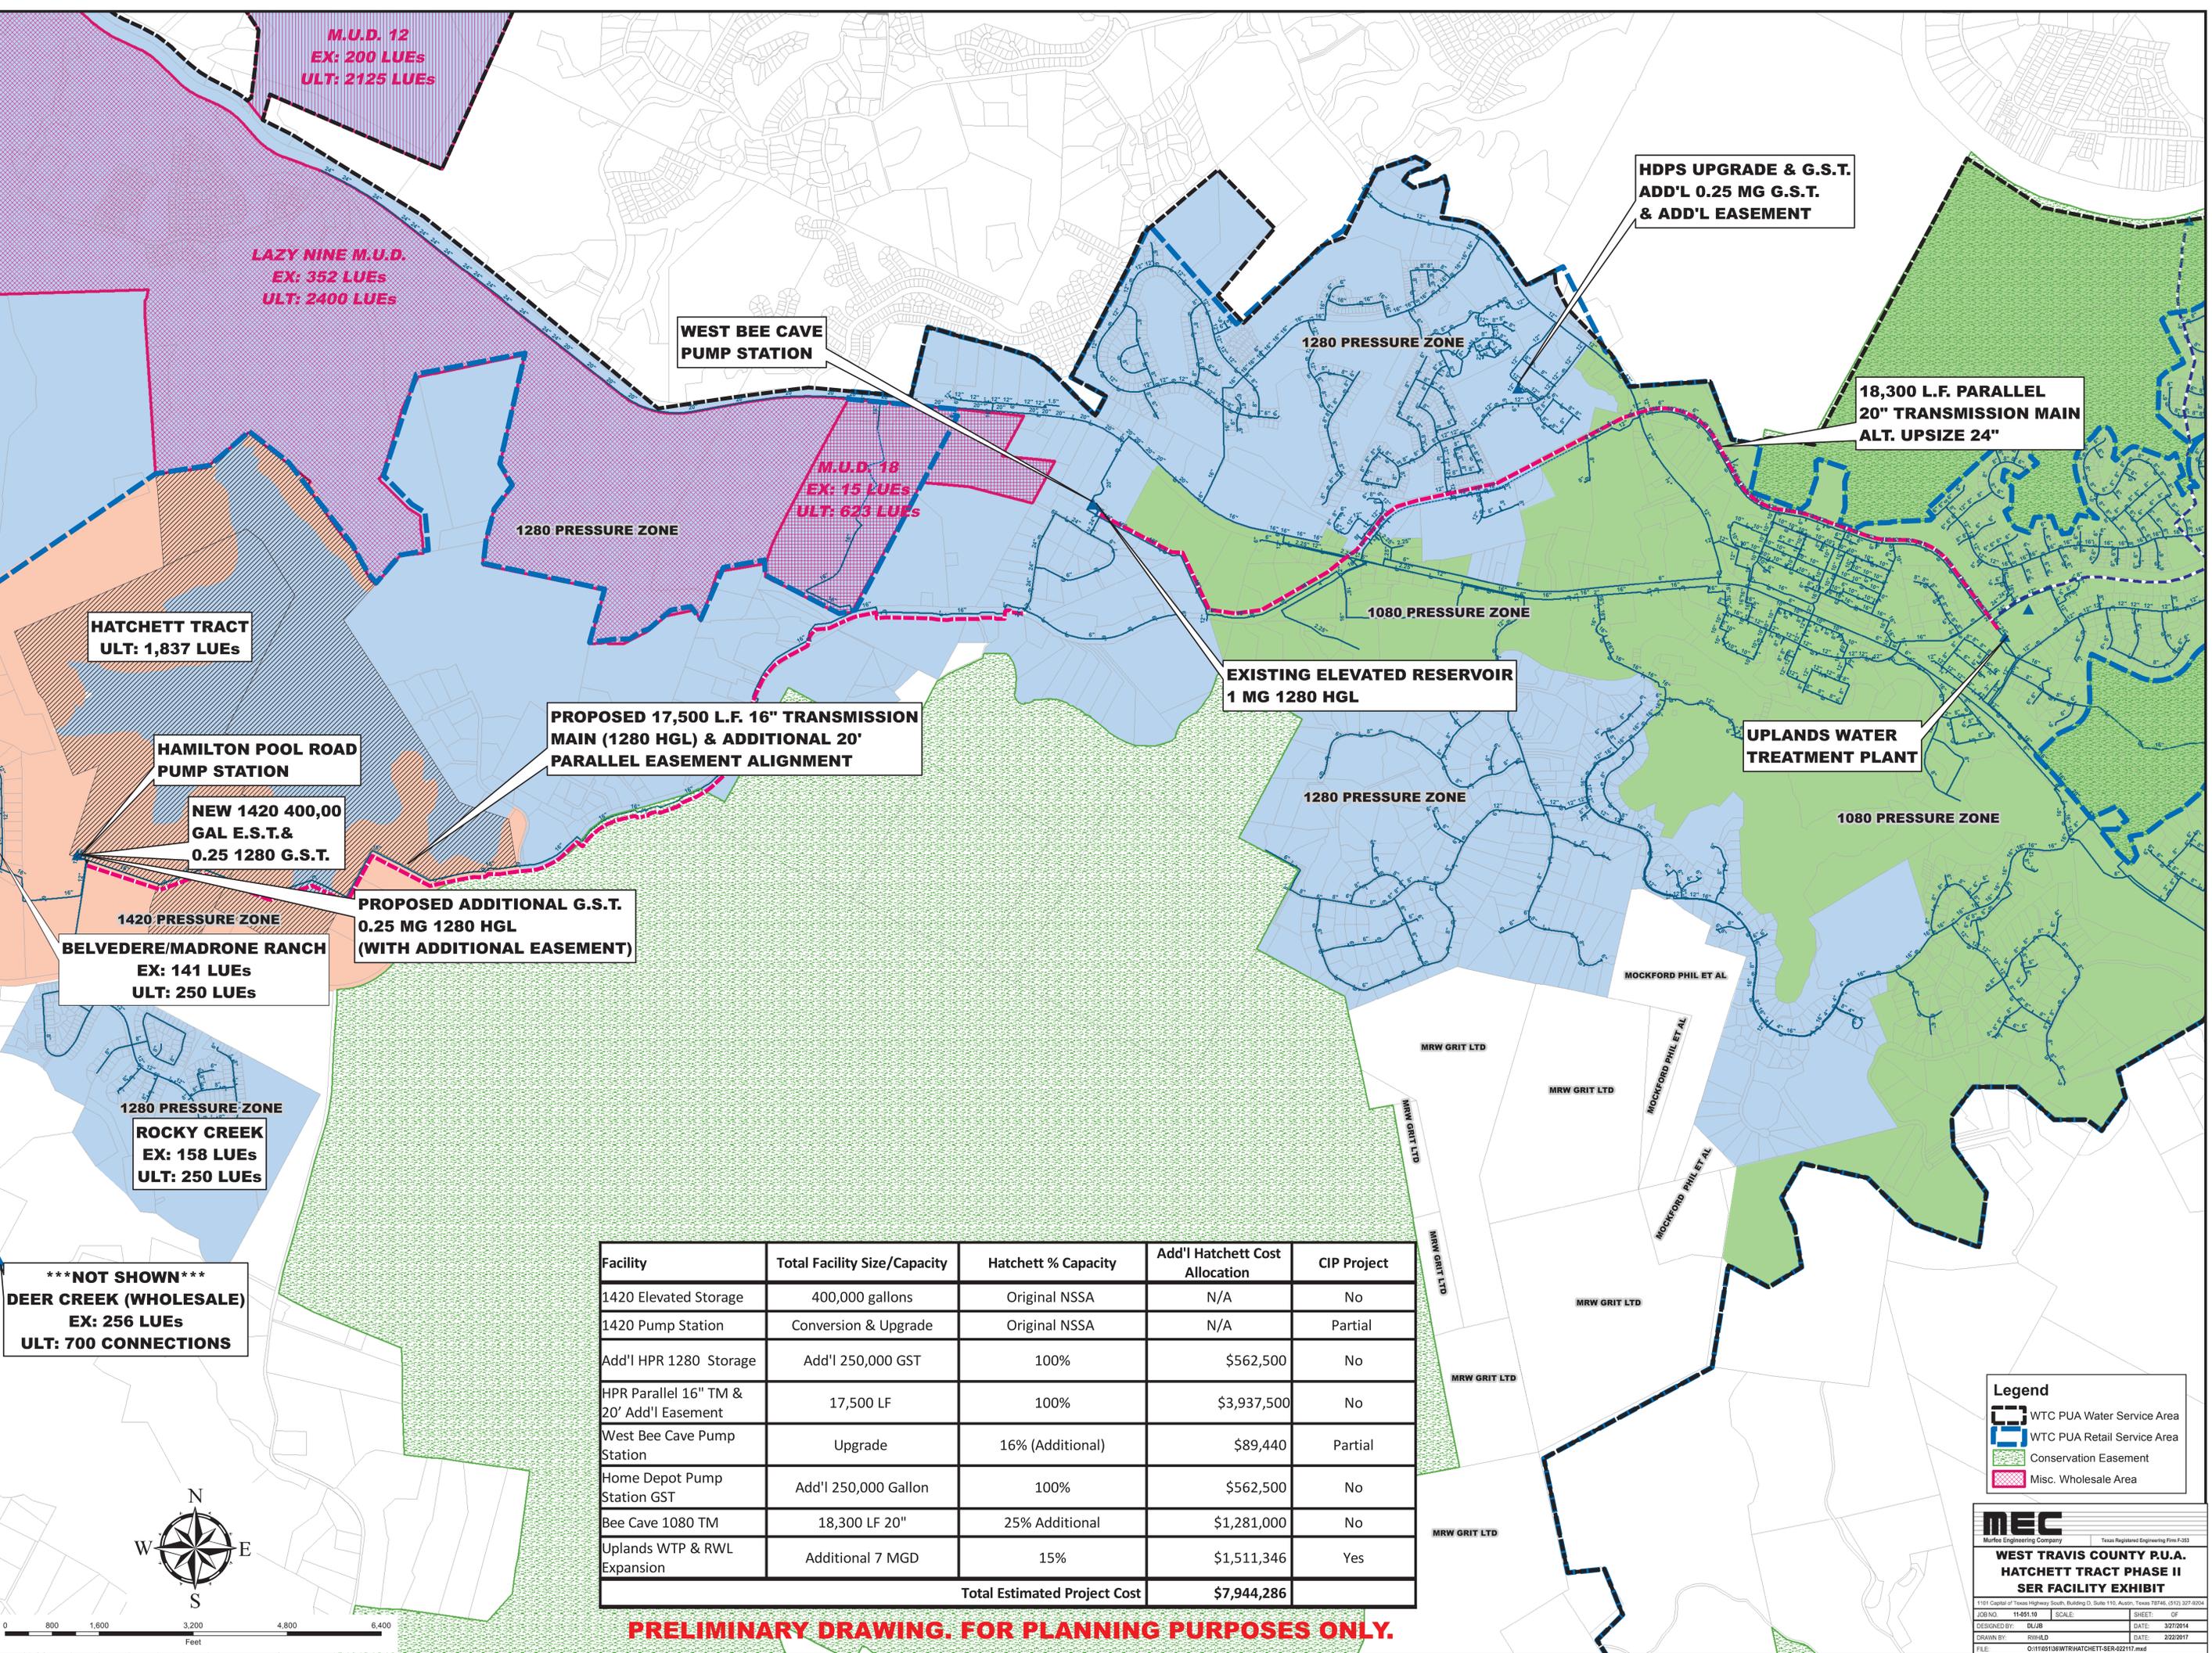

Staff review and system modeling has determined necessary off-site system improvements for service for the 1137 LUEs as follows:

Facility	Total Facility Size/Capacity	Hatchett % Capacity	Add'l Hatchet Cost	CIP Project
			Allocation	
1420 Elevated Storage	400,000 gallons	Original NSSA	N/A	No
1420 Pump Station	Conversion and Upgrade	Original NSSA	N/A	Partial
Add'l HPR 1280 Storage	Add'l 250,000 GST	100%	\$562,500	No
HPR Parallel 16" TM & 20' Add'l Easement	17,500 LF	100%	\$3,987,500	No
West Bee Cave Pump Station	Upgrade	16% (Additional)	\$89,440	Partial
Home Depot Pump Station GST	Add'l 250,000 gallons	100%	\$562,500	No
Bee Cave 1080 TM	18,300 LF 20"	25% Additional	\$1,281,000	No
Uplands WTP & RWL Expansion	Additional 7 MGD	15%	\$1,511,346	Yes
	Total Estimated Project Costs		\$7,994,286	

Please make reference to the attached sketch/map identifying those improvements.

The table represents the culmination of adequate engineering work to identify the impact of service due to the project on our system and necessary improvements to provide adequate service as well as those associated costs to place upon the Applicant. Staff is seeking direction from the Board of Directors on going forward with even an additional PFCS letter with terms to be followed by a Non-Standard Service Agreement. The improvements associated with this modelling effort represent a significant add to our system infrastructure. There will be an unknown amount of dedicated staff time, legal time and CIP study changes necessary for the development of the Agreement; certainly more than the SER fee filed by the Applicant. The Applicant has not yet demonstrated ability to meet impervious cover, water quality and other development policies adopted by the WTCPUA. Staff is unsure of the Board's vision for expansion of our water system to include this level of service to the Hamilton Pool Road System.

Staff appreciates your input which will provide us with a roadmap on going forward on this project.

Malone Wheeler, Inc., Inc.
5112 Southwest Parkway, Suite 260
Austin, Texas 78735

Re: **Preliminary Finding of Capacity to Serve**
LTISD Middle School No. 3 (**Project**)
136.059 acres of land out of the J.C. Degman Survey No. 537, J.W. Kay Survey No. 111 and the
G. Wolfe Survey No. 182 in Travis County, Texas (**Property**)

Lazy Nine Municipal Utility District 1-A:

The West Travis County Public Utility Agency (WTCPUA), as the wholesale water and proposed wholesale wastewater utility service provider for the referenced application, has completed its review of a requested service for a middle school having a proposed maximum student population of 1500. This property is subject to the *Water Utility Facilities Acquisition, Construction and Service Agreement* ("Wholesale Water Services Agreement") by and between the Lower Colorado River Authority, Forest City Sweetwater Limited Partnership, a Texas limited partnership and Lazy Nine Municipal Utility District dated October 5, 2005, as amended and assigned. This application proposes to expand the wholesale service for water to include limited wastewater service for the aforementioned Lake Travis ISD Middle School. In accordance with West Travis County Public Utility Agency Water and Sewer Service and Development Policies, the WTCPUA will provide a total Level of Service allocation of **20 LUEs for wastewater service** to this facility, effective upon the Applicant complying with the Service Extension Request (SER) Conditions set forth below:

SER CONDITIONS

1. The Applicant is subject to the terms and conditions of *West Travis County Public Utility Agency Regional Water and Wastewater Systems Schedule for Rates, Fees, Charges and Terms and Conditions of Water and Wastewater Service*, known as the WTCPUA Rate Tariff, as amended from time to time by the Board of Directors of the West Travis County Public Utility Agency;
2. The Applicant completes the review process of technical plans associated with its proposed development;

3. The delivery point for wastewater discharge from the Project shall be at the WTCPUA's Regional Lift Station No. 22;
4. The applicant must complete an amendment of the Wholesale Water Services Agreement to include limited wastewater services for the Property to the extent and conditions set forward in this letter and amendment;
5. This wastewater service allocation to the Property for 20 LUEs is subject to an increase in WTCPUA's wastewater treatment and disposal capacity, both through an increase in the Texas Land Application Permit to more than 1.0 MGD and construction and commissioning of wastewater treatment plant improvements to accommodate and treat more than 1.0 MGD of influent;
6. The Applicant constructs, at Applicant's sole cost and expense, all wastewater service extensions of facilities necessary to facilitate wholesale wastewater service to the Property, including but not limited to:
 - a) Construct modification to WTCPUA Lift Station No. 22 necessary to accept wastewater flows from the applicant.
 - b) Improvements shall include a 4" Electromagnetic AMR Flow Meter at Lift Station 22 prior to discharge of those wastewater flows into WTCPUA receiving facilities;
7. The WTCPUA inspects and accepts such facilities and Applicant conveys such facilities to the WTCPUA;
8. The Applicant, at its sole cost and expense, grants to the WTCPUA all exclusive-use easements necessary for the WTCPUA to own and operate the facilities in a form and manner acceptable to the WTCPUA;
9. As a component of the amendment to the Wholesale Water Services Agreement, WTCPUA shall reserve twenty (20) wastewater LUEs allocated to the Property. Applicant shall commence paying to the WTCPUA annual Wastewater Reservation Fees according to the WTCPUA Tariff, initially in the amount of \$546.48 per Reserved Wastewater LUE, and as may be amended by the WTCPUA from time to time. The allocated LUEs for the Property may be reserved for a period of four (4) years, subject to the payment of annual Reservation Fees;

Page 3

Letter to the Lazy Nine Municipal Utility District 1-A

February 16, 2017

10. The Applicant pays a surcharge fee of **\$230,000.00** immediately prior to activation of service as a shared expense in capital facilities necessary for providing wastewater service. In addition, the applicant pays all existing and future fees and charges associated with the extension of service to the WTCPUA, including, but not limited to current adopted Service Extension Request Review Fees, construction inspection, legal expenses, and all other associated Tariff fees; and,
11. The Applicant follows and complies with all applicable WTCPUA rules and regulations pertaining to water service, as amended from time to time by the WTCPUA Board of Directors; and,

Please be advised that conditions may change over time and the WTCPUA will not reserve or commit water capacity to the Property until all conditions listed above are met. This Preliminary Finding of Capacity to Serve and delivery of service is subject to any moratorium of connections as may be declared by the Board of Directors of the WTCPUA.

If you have any questions concerning this matter, please do not hesitate to contact me.

Sincerely,

Robert Pugh, P.E.
General Manager

RE: Preliminary Finding of Capacity to Serve
LTISD Middle School # 3
136.059 Acres of Land out of the J.C. Degman Survey No. 537
J.W. Kay Survey No. 111 and the G. Wolfe Survey No. 182 in Travis County, Texas

Mr. Pugh,

This letter is being provided in response to the West Travis County Public Utility Agency ("WTCPUA") Preliminary Finding of Capacity to Serve letter dated February 16, 2017. Malone/Wheeler, Inc. is the engineer for the Lazy Nine MUD 1-A ("MUD") as well as the LTISD Middle School #3 project engineer. We have prepared this response at the request and authorization of both the MUD and Lake Travis Independent School District (LTISD). Please be advised of the following comments with regard to the various Service Extension Request ("SER") Conditions contained in the WTCPUA letter:

SER CONDITIONRESPONSE

3. This delivery point is acceptable. LTISD will coordinate with Travis County MUD No. 18 (Bella Colinas) to determine if it is possible to access their wastewater system infrastructure via a connection at the manhole located in Villa Frontera Drive. Such an arrangement would not necessarily change the WTCPUA point of delivery although the LTISD wastewater system may not connect directly to the WTCPUA Regional Lift Station No. 22. If a connection at the manhole located in Villa Frontera Drive is not feasible, the LTISD wastewater system will connect directly to Regional Lift Station No. 22.

5. It is understood that all of the current "paper" commitments for wastewater treatment and disposal capacity may be equal to or even greater than currently

CIVIL ENGINEERING • DEVELOPMENT CONSULTING • PROJECT MANAGEMENT

available physical treatment capacity in the wastewater system. In the same vein, it is also recognized that current utilization of wastewater treatment and disposal capacity may be less than actual available treatment capacity and that this situation may remain in a state of flux until such time as additional capacity is available. This is of concern to both Lazy Nine MUD 1-A and LTISD in that the scheduled opening of the Middle School in July 2019 cannot be jeopardized by a potential lack of wastewater service.

Given the anticipated wastewater flows generated by the Middle School are unlikely to exceed 4,000 to 5,000 GPD and those flows will occur during the regularly scheduled school year, it would appear that LTISD would not necessarily be a trigger point for exceeding current treatment capacity of the WTCPUA wastewater system. LTISD will have to make a significant investment in wastewater system infrastructure, which will be owned and maintained by the School District, to connect to the WTPUA's Regional Lift Station No. 22. This will be done to comply with SER Condition No. 6. It would appear to be inequitable to require LTISD make such an investment and to pay an annual "reservation" fee of \$45,000 without having a firm commitment for wastewater service. That is, an actual reservation of capacity in the current wastewater treatment system. Accordingly, LTISD respectfully requests that approval of the SER application constitute an actual reservation of capacity in the current wastewater treatment system for the scheduled July 2019 opening of the Middle School #3.

10. It is recognized that the proposed "surcharge" has been calculated utilizing the WTCPUA Rate Tariff Impact Fee charge. As you know, independent school districts in Texas are statutorily shielded from being required to pay impact fees to secure utility services. This protection was enacted in recognition of the public purpose of an independent school district and the fact that all costs incurred by an independent school district for capital improvements are paid and funded by its ad valorem tax base. While the student population of the proposed middle school will not be exclusively drawn from the WTCPUA service area, a vast majority of the students will, indeed, reside within the WTCPUA Bee Cave service area. As such, most of the students attending this middle school will be children of WTCPUA rate payers and LTISD taxpayers.

Based on preliminary layouts, the wastewater system infrastructure required to connect the LTISD 136-acre site to the WTCPUA Regional Lift Station No. 22 is estimated to cost in the range of \$400,000 to \$500,000 plus long term operating

CIVIL ENGINEERING • DEVELOPMENT CONSULTING • PROJECT MANAGEMENT

and maintenance costs. When combined with the proposed surcharge of \$230,000, and annual reservation fee of \$45,000 the total cost to LTISD would be nearly \$800,000 to connect to and receive wastewater service from the WTCPUA. As a public, non-profit entity, LTISD has no way to recoup that cost except via the taxpayers.

LTISD very much appreciates the recommended approval of the SER. LTISD is willing to pay a portion of the surcharge in accordance with SER Condition No. 10 which also obligates LTISD to pay all existing and future fees; some of which are known and other which may not yet be identified. It is the considered opinion of the LTISD that a surcharge amount of \$100,000 is equitable for all parties including WTCPUA rate payers and LTISD taxpayers.

We trust that WTCPUA will find this counter proposal to be reasonable and acceptable. Please let us know if you have questions or other comments for consideration.

Thank you on behalf of LTISD.

Best regards,
Malone/Wheeler, Inc.
